

HukuPlus Loan Process

HukuPlus in partnership with Profeeds, Gain and Novafeeds is providing competitive credit to existing Profeeds Chicken Farmers who are in good standing

Customers must book and purchase Chicks and Starter Pack from Profeeds for cash and then apply for a loan where HukuPlus will then pay for the Grower and Finisher feed according to number of Chicks purchased in batches of 100

Grower and Finisher feed will become available 12 days after the Chick and Starter purchase and collection. Loan term is 42 days in order to make the overall programme cheaper to customers. This provides a flock cycle of 54 days to assist with production and sales timing

Product Examples:

PRF100	\$206	100kg Grower and 200kg Finisher
PRF200	\$412	200kg Grower and 400kg Finisher
